FIRE AT ARMY PRISON CAMP CAUSES BIG PROPERTY LOSS

LEAVENWORTH, Kas., Jan. 30.—Fire, origin of which has not been determined, broke out last night in the federal disciplinary barracks here, and caused it to be placed under control before loss estimated at between \$125,000 and \$150,000.

The building was badly damaged. A large amount of clothing in the quartermaster's storehouse, which was located in the building, was destroyed. The flames were extinguished about 11 o'clock. Soldiers were thrown about the buildings and there was no disorder on the part of the prisoners, many of whom assisted in fighting the fire.

Col. Sedgewick Rice, commandant, declined to discuss the origin of the fire, but it became known that the authorities had ordered a rigid investigation. It was understood they were working on the theory that the fire was of incendiary origin.

There were 3,570 prisoners in the barracks, all of them military offenders. The flames spread rapidly, and within a short time it was seen that the fire had become uncontrollable. Fifty-five hundred troops of the 25th and 40th regiments,

late returned from France, armed with machine guns and rifles were thrown about the buildings in two lines. The work of transferring the prisoners to buildings beyond the fire area was then begun.

According to officials the men were most orderly and many of them asked to be allowed to assist in fighting the fire.

MISSISSIPPI HOSPITAL TO BE REPAIRED AT ONCE

JACKSON, Miss., Jan. 30. (Sp.)—Work will begin immediately on repairing the main building of the State Insane hospital, which suffered \$3,000 damage from fire Tuesday night, according to announcement by Dr. C. D. Mitchell, superintendent. Due to the efficient and prompt work of the Jackson fire department a loss of probably a quarter of a million dollars was averted. No insurance was carried on the building, the money for repairs to be taken from the general appropriation. No accidents among the patients occurred.
